

Saturday and Sunday, June 23 and 24, 2018

22nd Annual Temple Israel Leadville Weekend, Featuring Shabbat Morning service led by Rabbi Sara Gilbert!

No RSVP required. Just come on up and bring your friends!

**10 AM Saturday:** Shabbat morning service with Torah reading. Casual dress, blue jeans fine. Please do not bring food, drink, or animals into the building. No photos during the service, please. Kippot are provided for those who wish to wear one. Please bring your tallis if you wish to wear one. Light kosher-style dairy Kiddush will follow. Donations of food most welcome. Note that there is no kosher supervision in Leadville. Those with special food needs (vegan, gluten-free, etc) may wish to bring their own food.

**9AM-ish to noon Sunday:** Clean up at the historic cemetery. Dress to paint and get dirty! Bring hat, sunscreen, bug spray, work or garden gloves, and wear sturdy closed-toe shoes. Cameras most welcome! Feel free to bring a small folding chair, if you like. Please leave your animals at home. Food will be provided, but there is no kosher supervision, and if you have special food needs (gluten-free, vegan, etc), you may wish to bring your own. We will wrap up in time for you to head home before the traffic gets too heavy.

Note: There may be a big brewfest in Leadville on Friday-Saturday, June 22-23. If so, Harrison Ave will be pedestrian traffic only, with no parking. Plan additional time for detours, traffic and parking. Also note highway 70 is very crowded on weekend mornings in the summer, so if you drive up on Saturday morning, plan ahead for the heavier traffic. Lodging in Leadville is very limited, so be sure to make motel reservations in advance. Copper is a good option if Leadville is full.
